

**SEMICONDUCTORS**

IC1 – PIC16LF872-I/SO surface mount microcontroller programmed with remote unit software

D1-D8 – T1 red LEDs

D9, D10 – T1 yellow LEDs

**RESISTORS**

R1, R2 – 10,000-ohm, 1206 surface mount

R3-R5 – 82-ohm, four individual resistor surface mount array

**CAPACITORS**

C1 – 22-pF, 1206 surface mount

C2 – 0.1-uF, 1206 surface mount

**ADDITIONAL PARTS AND MATERIALS**

SW1 – pushbutton switch, push on/off

SW2 – 6mm tact switch, momentary on

J1 – 8-pin modular jack

PC board, remote unit

Case

Battery holder for two AA-cells

Two AA Batteries

Hookup wire

Pair of self-adhesive Velcro pads

Four ¼-inch #6 screws
